

HDHP/HSA Preventive Immunization Coverage (Maximum Value and Minimum Value Plans)	
Immuization Description	Health Care Reform Age Restriction
Administration of influenza virus vaccine; pneumococcal vaccine; Hepatitis B vaccine	
Diphtheria toxoid; Diphtheria, tetanus toxoids, acellular pertussis, and polio (DtaP-IPV); Diphtheria, tetanus toxoids, acellular pertussis, influenza and polio (DtaP-Hib-IPV); Diphtheria, tetanus toxoids and acellular pertussis (DTaP); Diphtheria, tetanus toxoids and whole cell pertussis (DTP); Diphtheria and tetanus toxoids (DT)	
Diphtheria, tetanus toxoids and whole cell pertussis and Hemophilus influenza B (DTP-Hib)	
Diphtheria, tetanus toxoids and acellular pertussis and Hemophilus influenza B (DtaP-Hib)	
Diphtheria, tetanus toxoid, acellular pertussis, hepatitis B, and poliovirus, (DtaP-HepB-IPV)	
Hemophilus Influenza B (Hib)	0-21
Hepatitis A; Hepatitis A and B (HepA-HepB)	
Hepatitis B, dialysis or immunosuppressed patient	
Hepatitis B, adolescent; pediatric/adolescent; adult	
Hepatitis B, hemophilus influenza b (HepB-Hib)	0-21
Human papilloma virus (HPV)	
Immunization Administration	
Influenza; Influenza (intranasal); Influenza Pandemic (intramuscular); Influenza pandemic (intranasal)	
Measles virus; Measles, mumps, rubella (MMR); Measles and rubella virus; Measles, mumps, rubella and varicella virus (MMRV)	
Meningococcal conjugate serogroups C & Y, influenza B, tetanus toxoid (Hib-MenCY-TT)	0-21
Meningococcal polysaccharide/conjugate	
Mumps virus	
Pneumococcal conjugate vaccine	
Pneumococcal polysaccharide	
Poliovirus	0-21
Rotavirus	0-21
Rubella virus	
Tetanus toxoid; Tetanus and diphtheria toxoid (Td); Tetanus, diphtheria toxoids and acellular pertussis (Tdap)	
Varicella virus	0-21
shingles vaccine (Zoster/Zostavax)	60-99
shingles vaccine (Shingrix)	50-99
Unlisted vaccine/toxoid	0-21
